MISSION

Sport Programs is an entity within Campus Recreation that encompasses Sport Clubs and Intramural Sports. We exist to provide competitive, recreational, and instructional opportunities in an inclusive environment, aimed at promoting a healthy and active lifestyle. Sport Programs develops leaders through participation and student employment.

Intramural Sports offer the opportunity for participants to compete against their peers in a friendly and structured environment, through a variety of team sports and individual/dual activities that fit their needs. Intramural Sports caters to all skill levels through a variety of traditional and non-traditional programs.

LEARNING OBJECTIVES FOR PARTICIPANTS

1. **Community:** After participating in Sport Programs as an Intramural or Sport Club athlete, participants will develop a sense of community by identifying other participants with similar interests.
2. **Healthy Lifestyle:** After participating in Sport Programs as an Intramural or Sport Club athlete, participants will develop habits associated with a healthy lifestyle and personal wellness.
3. **Balance/time management:** After participating in Sport Programs as an Intramural or Sport Club athlete, participants will be able to make purposeful decisions regarding the balance of education, work and leisure.

NON-DISCRIMINATION POLICY

The University of North Carolina at Chapel Hill does not practice or permit discrimination in employment on the basis of race, color, sex, sexual orientation, national origin, religion, creed, age, veteran status, or handicapping condition. The University has adopted affirmative action plans and anti-discrimination policies that reaffirm its commitment to equality of opportunity.

ADA COMPLIANCE

The University encourages employment of individuals with disabilities who meet all requirements of a position, and who can perform the essential functions of the position with or without reasonable accommodation. The University's commitment is strengthened by the Americans with Disabilities Act [ADA] signed into Federal law July 26, 1990. The University will not eliminate an otherwise qualified applicant or employee from consideration on the basis of disability, and will provide reasonable accommodations for persons with disabilities.

SEXUAL HARASSMENT POLICY

Sexual harassment is a form of discrimination involving unwelcome sexual or sex-based conduct that interferes with the employment or participation of others. Harassing behaviors can be verbal, non-verbal, or physical, and range from subtle innuendo of a sexual nature to coerced sexual activity.

Some examples of workplace behaviors that are sexually harassing include:

- Unwanted sexual remarks or inferences;
- Offensive comments about sex- or gender-specific traits;
- Unwelcome sexual propositions, threats, bribes, written notes, or phone calls;
- Unwelcome gestures or sounds;

2017-2018 Intramural Sports Participant Handbook

- Unwanted physical contact of a sexual nature [e.g. touching, pinching, kissing, or holding]

Sexual harassment violates University policy as well as Federal law, and Sport Programs employees should be aware that substantiated incidents of such behavior could result in disciplinary action for offenders as severe as dismissal. In addition to University sanctions, people who engage in sexual harassment may be subject to civil or criminal action.

HARASSMENT & VIOLENCE POLICY

The University does not practice or permit harassment in employment or in program participation on the basis of a person's age, sex, race, color, creed, religion, national origin, or handicapping condition. Further, it is the responsibility of every employee in the University community to conduct him or herself in a manner that contributes to an environment free of unlawful harassment.

Unwelcome advances, requests for favors, and other verbal or physical conduct by one in a position of authority at the University or by a peer employee constitute unlawful harassment when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
- Submission or rejection of such conduct by an individual is used as the basis for an employment decision affecting that individual; or
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive environment.

The University of North Carolina at Chapel Hill is committed to providing a safe and healthy environment for all members of the university community. To that end, it is the policy of the University of North Carolina at Chapel Hill that violence in any form is unacceptable. Any form of violence by a member of the university community against another employee, student, vendor, or visitor to the University, including but not limited to physical attack, intimidation, threats, or property damage, will be cause for disciplinary action up to and including dismissal as unacceptable personal conduct.

Code of Ethics

Good Sportsmanship is vital to every contest. In order to encourage proper conduct during an intramural sports contest, supervisors, officials, scorers/timers, and administrative staff will make decisions as to warn, penalize, or eject players/teams for poor sportsmanship. The Sport Programs Council will rule on further penalties to be prescribed as a result of unsportsmanlike conduct as outlined below. The team captain/manager is responsible for the actions of all individual members of the team and for any spectators directly related to their team. The conduct of the players and spectators before and after each game is as important as the conduct during the game. Each team will be held responsible for conduct at these times, as well as during the game.

Honor Code

All students are expected to know and abide by the regulations and policies set forth by the Honor Code, and are subject to disciplinary actions by the University for any Violation of this code. The Department of Campus Recreation reserves the right to refer any incidents involving sub-standard student conduct to the Office of the Dean of Students.

Alcohol and Drug Policy

In accordance with University Policy, alcohol consumption prior to or during participation in an Intramural Sports activity is not only unsafe, but also a violation of University rules, and, if you are underage, illegal. As a reminder, the Intramural Sports Staff strictly enforces the zero tolerance alcohol policy during all intramural sports contests. Consequences for this violation of the rules may include

2017-2018 Intramural Sports Participant Handbook

but are not limited to: being prohibited to continue participating in the intramural game, judicial referral and in egregious situations arrest.

Tobacco use during Intramural Sports participation is also prohibited. Participants and spectators are prohibited from using tobacco at Campus Recreation facilities. Consequences for this violation of the rules may include but are not limited to being prohibited from continuing to participate in the Intramural Sports game. A copy of the University's alcohol policy can be found [here](#).

INFORMED CONSENT STATEMENT

Your participation in Campus Recreation activities could result in physical injury, which could be serious or fatal! UNC-CH assumes no responsibility for injuries received during intramural sports activities. Students, faculty, staff, spouses and/or domestic partners are reminded that Intramural participation is completely voluntary and involves inherent risk associated with the activities offered. It is strongly recommended that all participants have a physical examination and secure adequate medical insurance prior to participation.

Return to play

Any participant who has sustained an injury that requires a physician's referral (including concussion) will be required to be cleared by the physician prior to resuming participation in an Intramural Sports activity. Once a player has received a physician referral, the Athletic Trainer will notify the Intramural Sports staff that they are ineligible. The Intramural Sport Administrative staff will then flag the participant as ineligible until they bring a signed note from the physician indicating they have been cleared for participation.

IDENTIFICATION – UNC ONECARD POLICY

A valid UNC OneCard is required to gain access to Campus Recreation Facilities with an identification policy. All participants will be required to present a valid UNC OneCard or government issued identification prior to participation in all Intramural Sports Activities. A second picture ID maybe required upon request. Any late arriving participants must show their UNC OneCard or government issued identification to the sport programs employee before entering the contest.

Improper Use of Identification

Any player using a name other than their given name will be barred from Intramural Sports participation for a minimum of 30 Intramural Sports programming days and that team will be penalized with forfeits for all games in which the violator participated. If the Sport Programs Supervisor determines that the team captain was aware of the individual's use of improper identification, then that team may default their game and be subject to removal from the league. Any individual caught trying to check-in with an ID that is not their own has jeopardized themselves and the owner of the ID to disciplinary action by the university. Intramural Sports reserves the right to bar any organization or team that willfully uses an ineligible player.

TEAM NAMES AND UNIFORMS

Intramural Sports reserves the right to change any team name that is deemed inappropriate or offensive to participants (including but not limited to: names involving profanity or of an offensive or sexually explicit nature). Please use proper judgment when selecting names and uniform artwork. If you are unsure if a team name will be accepted, contact the Intramural Sports office and speak with an Intramural Sports representative.

Team Awards

The champion of each level of each league will receive t-shirts as awards. The number of t-shirts that a team will receive will be equal to twice the number of players on a regulation team (e.g. basketball champions will receive $2 \times 5 = 10$ t-shirts). To be eligible for a t-shirt each participant must actively participate in a minimum of two of their team's schedule games.

ELIGIBILITY

Intramural Sports reserves the right to investigate the eligibility of participants. These investigations may result in forfeiture, probation, and/ or suspension of teams or participants. Participants are still encouraged to submit a protest involving ineligible participants.

Participants must meet the criteria listed in one of the following categories to be an eligible participant in Intramural Sports:

If a team uses an ineligible player in league play, all games or contests in which the ineligible individual participated will be forfeited to the opponents, regardless of the outcome. The illegal player may be suspended for the remainder of the activity season and/or the academic year. In elimination tournament play, the team will be disqualified from the respective position in the bracket at the time the legal protest is honored.

NOTE: Intramural Sports will make random checks of team rosters. It is *NOT NECESSARY* for a team to protest a player in order for that player to be ruled ineligible.

During the play-offs, the last contest in which an ineligible player participated shall be recorded as a forfeit win for the opposing team. No reorganization of the tournament shall occur.

RINGERS

A Ringer is defined as an otherwise eligible participant with certain playing restrictions as a result of having benefited from advanced training and coaching opportunities in the same or related Intramural sport. **Ringers are eligible to compete in the Rams or Heels league.**

Ringers are:

- A. Sport Club Members who are listed on the official sport club's roster at any time during the current academic year.
- B. Former members of a Varsity or Junior Varsity team who are members of the team during the current academic year.
- C. Former professional players

Sport Clubs and Former Varsity Athletes

Former collegiate varsity athletes and current sport club members may participate in their related sport:

- A. **A maximum of 2 (regardless of gender) are allowed per team roster in sports that require more than five (5) participants on the field or court.**
- B. **A maximum of 1 (regardless of gender) are allowed per team roster in sports that require five (5) or less participants on the field or court.**

A student who participates [either in practices or participants in games] as a member of a UNC Chapel Hill sport club, determined to be any individual listed by the respective club officers on the club's membership roster which are submitted each semester is considered a ringer in his/her sport or related intramural activity. The student is considered a ringer for the entire academic year (August 1 – July 31) in which they participate in that club [either in practices or participates in games]. The directors for Intramural Sports and Sport Clubs will handle any special circumstances/exceptions on an individual basis.

Varsity Athletes

Varsity or junior varsity athletes are student-athletes who participate or practice with, or are deemed a member of a University Varsity or Junior Varsity team by the coach of that university, and are determined to be any individual listed on the University's team roster. These students are ineligible for Intramural Sports participation in their specific or related sports for the academic year.

2017-2018 Intramural Sports Participant Handbook

Students receiving a varsity scholarship are not eligible during the current academic year for the sport in which they hold the scholarship. Athletes who lose their scholarship and have never lettered are ineligible to participate in Intramural Sports in the given sport during the current academic year.

A varsity letter winner at UNC or any other college, university or junior college will not be eligible to participate during the current academic year in the sport in which they earned their varsity letter.

Former members of a Junior Varsity or Varsity Athletic Team: A student who participated [either in practices or games] on a Junior Varsity or Varsity team is considered a ringer in his/her sport or related intramural activity. Once any former junior varsity or varsity athlete from an institution of higher education is eligible to participate in the intramural program, they are considered a ringer for that entire academic year (August 1 – July 31).

For example: When a soccer player ends the regular season in the Fall Semester 2015, they cannot participate in any soccer related intramurals until the Fall Semester 2016. They are then considered a ringer for the Fall 2016 and Spring 2017 academic year.

Professional Athletes

Students who have established themselves as professionals in any sport will not be eligible to participate in the sport in which they forfeited their amateur standing. All students, faculty, staff, upon completion of their professional sports career, must wait five years (with the year being identified from August 1 – July 31) before being considered for Intramural Sports participation. It is the responsibility of the individual athlete to inform the Intramural Sports Office of his or her standing. A professional is classified as someone who receives payment for their performance.

Former Professionals [or semi-professionals]: will always have Ringer status

SPORTSMANSHIP

Team Sportsmanship: Team sports activities find their origin in the basic human need for play. Winning and losing are mere outcomes of this play. Abusive language toward officials, supervisors, other participants, and manipulation of the rules are not “part of the game.” This negative sport behavior distracts from the satisfaction of competing, exercising, and enhancing friendships. Sport Programs staff, jurisdiction is in effect from the time a team arrives at the playing site until the time the team leaves. Incidents outside of these limits may be examined as well.

Good Sportsmanship is a requirement, not an option, for participation in Intramural Sports

Team Sportsmanship Guidelines

Each team receives a “team sportsmanship rating” at the conclusion of each game by the game officials. Be aware, an individual’s behavior can have a dramatic effect on a team’s rating.

A team must have a 3.5 (average) rating during the season to be eligible for the playoffs. Each team must maintain a 3.0 rating for each game/round to continue in the playoffs, regardless of the outcome of the game. Note: If a winning team is removed from the playoffs because of the Team Sportsmanship Rating System, no team will advance from the contest.

This is not an exhaustive list of unsportsmanlike actions. Nor does each element of each grade have to be obtained in determining a “team sportsmanship grade.” There may be adjustments to the “Team Sportsmanship Rating System” if unsportsmanlike behavior merits such adjustments for management effectiveness.

Sportsmanship Points Description (Sample)

5 - Excellent Conduct and Sportsmanship: Participants cooperate fully with the officials and opposing team members. If necessary, the team captain converses calmly with officials about rule interpretations, fouls, violations and game control. Team captains maintain full control of teammates and spectators.

4 - Good Conduct and Sportsmanship: Participants generally display good sportsmanship towards officials and opposing team members, with no blatant displays of poor sportsmanship. Participants verbally complain about a few decisions and calls by officials which may warrant a warning from the Intramural Staff. Team captain maintains control of teammates and spectators.

3 - Average Conduct and Sportsmanship: Participants display some actions of poor sportsmanship towards officials and opposing team members. Participants persist in questioning officials about rule interpretations and judgment calls. Team has been warned and may or may not have received a foul for an unsporting act. Team captain maintains some control of teammates and spectators.

2 - Below Average Conduct and Sportsmanship: Participants continually display actions of poor sportsmanship towards officials and opposing team members. Participants constantly complain about rule interpretations and judgment calls. Team has been warned multiple times and has received multiple fouls for unsporting acts. Team captain exhibits little control of teammates, spectators or themselves.

1 - Poor Conduct and Sportsmanship: Participants behavior is completely uncooperative and shows no respect for officials and opposing team members. Multiple fouls are given to a player or players for unsportsmanlike acts. Team captain displays no control over the actions of team members. Team behavior warrants discontinuance of the game for any reason. Participants and spectators clearly related to the team engage in disorderly conduct that violates the university code of conduct.

Ejection: An ejected player is one who is barred from further participation in the game because of having committed fouls or penalties based on sportsmanship. For example: Two technical fouls for disrespecting an official.

Disqualification: A disqualified player is one who is barred from further participation in the game because of having committed fouls or penalties not based on sportsmanship. For example: one technical foul for delay of game and one technical foul for dunking.

Disqualifications have no effect on sportsmanship rating.

Special Game situations

1. Games cancelled/not rescheduled due to weather, power failure etc. – both teams will receive a “5.0” rating.
2. A team winning by forfeit/default for reason other than sportsmanship will receive a “5.0” rating.
3. If a game is forfeited due to sportsmanship, the opposing team will receive their rating based on their actions up to that point.
4. A team forfeiting/defaulting for reason other than sportsmanship will receive a “3.0” rating.
5. A team receiving a 2.0 or lower must have their team captain meet with the Sport Programs Administrative Staff in charge of the sport to be eligible to play their next scheduled contest.

CONDUCT

During any Intramural Sports activity, all participants are expected to display those qualities and behaviors associated with good sportsmanship. Failure to maintain control during participation may result in suspension from play. Any player who is ejected from a game for unsportsmanlike conduct may not play with his or her team for the next scheduled game. Additionally, an ejected participant will need to depart the site (in timely fashion) for the remainder of the contest to avoid a team forfeit. All ejected participants must contact the Intramural Sports office and arrange an appointment with a member the Intramural Sports Administrative Staff, within 24

2017-2018 Intramural Sports Participant Handbook

hours, prior to any further participation in any Intramural Sports activity. Disciplinary meetings must take place in person and no individual will be reinstated in any intramural sport prior to this meeting for ejections pertaining to unsportsmanlike conduct.

The following offences are merely guidelines; disciplinary actions may result in more severe penalties.

- A. First Offense: Suspension from play for a minimum of two games.
- B. Second Offense: Suspension from play for a minimum of one semester and referral to the Office of the Dean of Students.
- C. Third Offense: Suspension from Intramural Sports for the remainder of time in school and referral to the Office of the Dean of Students.

All unsportsmanlike conduct brought to the attention of the Sport Programs Staff will be reviewed and ruled on by the Sport Programs Administrative Staff.

Note: More severe penalties may be imposed for any infraction of the rules or for conduct that infringes on the participation enjoyment of others. The above mentioned penalties are general guidelines.

2017-2018 Intramural Sports Participant Handbook

Appeals on participant suspensions will only be heard for the following reasons:

- A. Additional information provided not available at time of suspension meeting.
- B. Suspension length not consistent with guidelines.

PROTEST

Questions as to a Sports Officials' judgment are not valid grounds for a protest. There may be times when you feel like you have been wronged and you may be correct. But, if the wrong was caused by poor judgment (in your opinion) on the part of the Sports Officials, timers, scorekeepers, or other staff members assigned to the contest, the call shall stand and there is no recourse but to accept the Sports Officials' decision.

Rule Interpretations

All protest regarding rule interpretations or misapplication of the game rules must be verbally declared by the team captain at the instant of disagreement (prior to the next play), with the game officials. The game officials will immediately suspend play and contact the Student Supervisor for Intramural Sports. The supervisor at the game site will confer with the sports officials to resolve the protest. If not satisfied with the decision of the student supervisor the team captains can file an official written protest with the student supervisor. It is the responsibility of the team captain to make sure that all pertinent game information is correctly noted on the Protest/ Appeal form. Forms can be submitted no earlier than 4 hours after the completion of the contest and no later than 24 hours after the completion of the contest.

During tournaments, or playoffs, when time is of the essence, the 4 and 24 hour rule does not apply. A written protest must be filed before the next round game (following the protested game) is scheduled to begin. Failure to do so waives all protests. In situations when ruling needs to be made immediately they will be rendered by member of the Intramural Administrative Staff.

Intramural Sports discourage protest, but we all make mistakes and Intramural Sports is no exception, especially when we put our welfare in the hands of our peers. If an error is correctable, we hope that we can make things right whenever possible.

All decisions relative to a valid protest will be rendered by the Sport Programs Council, except when an immediate ruling is needed. An immediate ruling on a valid protest will be rendered by a member of the Intramural Sports Administrative Staff.

Participant Eligibility

Sport Programs will consider protest involving participant eligibility. The Sport Programs administrative staff requires that all protests regarding player eligibility be made known prior to the start of Intramural Sports contest. In cases where a team chooses to protest eligibility at any point after a championship contest has begun, and the protest is upheld, the specific league will not declare a champion, no championship game will be rescheduled and no t-shirts will be awarded.

It should not be considered poor sportsmanship to question the eligibility of a player. A strong Intramural Sports Program requires that the interest and concern of all persons involved are considered. When an official protest is presented which results in the identity and recognition of illegal actions within the structure and/or function of one or both teams, application of the governing rules will be administered.

SPORTS OFFICIALS

Officials are an integral part of the Intramural Sports program at UNC-Chapel Hill. Without officials, you would have just another Open-Rec pickup game, which could possibly get out of control. During an Intramural contest, the officials are granted sole authority for controlling each game. Our officials make between \$8.25 and \$9.00 per game. High school officials make between \$55.00 and \$70.00 per game. As you can see, the use of student officials obviously helps keep team entry fees down. We get plenty of complaints concerning our officials, as do high school federations, the NCAA, and all professional leagues. We take the complaints seriously, but we also realize that officiating is one of those jobs that people expect you to be perfect on your first game and improve on that perfection in each following game. If you have a problem with an official, you are welcome to file a complaint in our office, as well as completing a participant official's evaluation form. Do not try to settle your problems on the field or court. Remember: Officials do not win or lose games for any team.
