

Recreation Memberships 2020-2021

Effective November 1, 2020, all University employees (faculty/staff) and approved family members (spouse/partner or dependents (17 or younger) of students, faculty, or staff) may reactivate or purchase their membership to use the recreation facilities.

All current Campus Recreation access, including Bowman Gray Pool, will be removed by 10/23 to prepare for the reactivation/purchase phase. Memberships may be reactivated/purchased 10/23.

To purchase or reactivate a recreation membership, contact the UNC OneCard Office:
<https://onecard.unc.edu/about/>

The only facility currently available to employee and family members is the Bowman Gray Memorial Pool. Hours are limited, and the pool will be closed November 23, 2020 – January 19, 2021. All of our other indoor facilities are not available at this time. Other indoor facilities may open later this fall or during the spring semester.

The successful and safe resumption of operations during a pandemic will require the involvement of the entire community that makes Campus Recreation impactful – our employees and patrons. All participants and users of the Campus Recreation facilities must follow all COVID-19 protocols procedures. Additional information can be found at: <https://campusrec.unc.edu/reopening/>

Any patron should consider the following before deciding to reactivate/purchase a membership:

- There will be no refunds (regardless of facility shutdowns/suspensions of facility access/reduced access because of limited number of user slots in the facilities/reduced hours/etc.)
- Full-time, enrolled students will receive first priority for all scheduling/access to facilities
- If a facility shutdown is required going forward, we will immediately freeze facility membership payroll deductions, but there may be an overlap between dollars being deducted and the facility being closed. There will not be refunds if this occurs.

Please contact David Mitchell with any questions: david_mitchell@unc.edu
